Adidev Bhattacharya

adidev9602@gmail.com
Prayagraj, Uttar Pradesh

Summary

Iam very passionate about coding and technologies. I love to take up new challenges and solve them with coding and other technologies. Currently iam a **Web Developer** and **competitive coder.**

Iam exploring new fields too

Skills

- Web Development
- Competitive Coding

Self-Projects

Coding Projects

Tic-Tac-Toe game using C++

Suduko Solver using C++

Web Development Projects

Music player-Musify using HTML,CSS and JavaScript

Snake Game using HTML,CSS and JavaScript

My personal Website using HTML and CSS

Robotics Projects

Made a robotic arm which can separate boxes having holes from those not having a hole.

Currently it is capable of doing so if the boxes are in a queue but iam working to extend this idea to a 2-D space
